Marple Newtown Senior High School
Newtown Square, Pennsylvania

To the Class of 1976

High school life will soon be history for each of you. History can never be changed, but it can and should be used as a guide for future action.

You are graduating at a time when considerable opportunity exists for those properly prepared. There are those who would have you believe that all great opportunities are in the past and there is no longer any hope for the world. To those of you who would listen to these pessimistic voices, a look at the past might be in order.

Let us consider, first, the pioneers who left home and country to go forth into the wilderness to settle thirteen colonies. Surely they were not handed a paradise free of work and worry. Nor did they ask for one. Those brave men who established a new nation in 1776 did not ask for a guarantee of happiness, but rather for the right to pursue it. When Abraham Lincoln assumed the role of leader of this nation slightly more than a century ago, he did so when the nation was torn violently between two conflicting ideologies. Nor did this nation have an abiding faith in its future.

It would be hoped that these brief reviews of some of the past troubles would serve to show that we have not only come through them but have actually improved ourselves in doing so.

It is hoped that during the past three years, you have laid the basic structure for your life's work, because the human soul without education is like marble in the quarry.

On behalf of the Board of Directors, the Administration and the faculty, I extend my sincere congratulations to each of you for your accomplishments to date, and wish for you all the success that your endeavors may earn for you. Above everything else, I wish you the joy of finding some parts of the "unfinished rainbows" that still abound for those who would search for them with diligence and patience.

James R. W. Best

Dear Students of the Class of 1976,

The Class of 1976 holds the distinction of graduating in the year of our Nation's Bicentennial. At a time when the credibility of our leaders is in serious doubt, I charge you with the responsibility to provide leadership in whatever your life's endeavor. More important, I would charge you with rekindling the Spirit of 1776 at which time human dignity was paramount in the thinking of the Founding Fathers.

Although democracy means many things to many people, we must not forget that it permits all of us to live with the truth about ourselves. This is a distinction held only by those who live in a democracy. I encourage you to perpetuate all that is good in our system. The system will take care of all that is repugnant to it.

I sincerely hope that your learning up to this point in your life not only has broadened your vision and raised your character but also has made you sensitive toward humanity.

On a personal note, I have been with many of you for six years — three years at the Junior High School and the past three years at the Senior High School. I hope that many of you consider me your friend, for I feel that I have many friends among you as a result of our long association. All of my efforts as your principal were aimed at providing you with challenging and relevant programs and excellent teachers in addition to the maintaining of high standards. I will do no less for those that follow you.

Academically, you rank as an outstanding class. In addition, the leadership provided by your class officers, Student Council officers and members of your class is exceptional. I sense that "Spirit In '76" really is the beginning of a new Marple Newtown spirit.

Finally, I extend to all of you best wishes for a happy, healthy and productive life.

William C. Capriotti

Dedicated to the
Spirit of '76

"I cannot but
remember such
things were,
That were
most precious
to me."

— William Shakespeare

Edward Thomas Leppert

"The life of a soul on earth lasts beyond his departure. You will always feel that life touching yours, that voice speaking to you, that spirit looking out of other eyes, talking to you in the familiar things he touched, worked with, loved as familiar friends. He lives on in your life and in the lives of others that knew him."

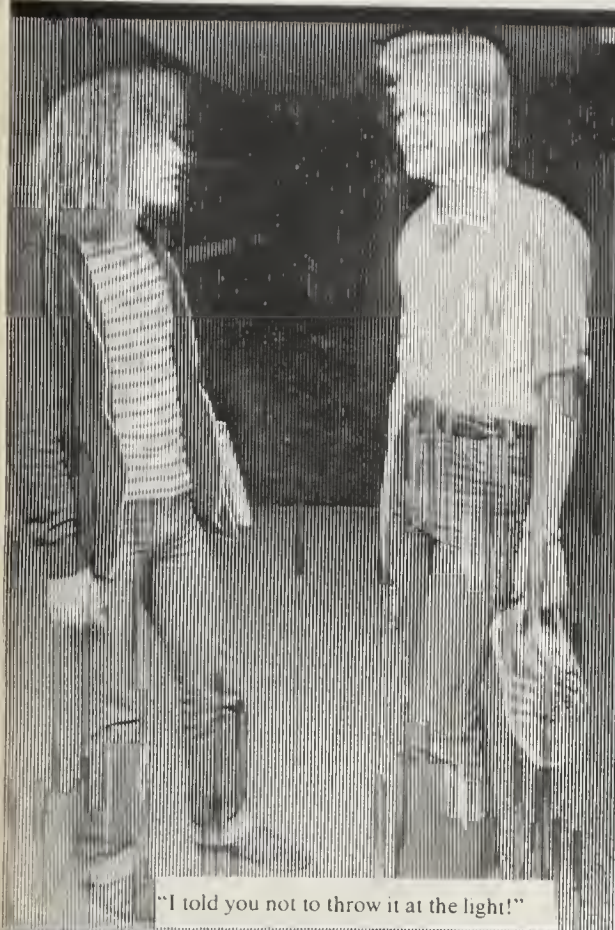

— Angelo Patri

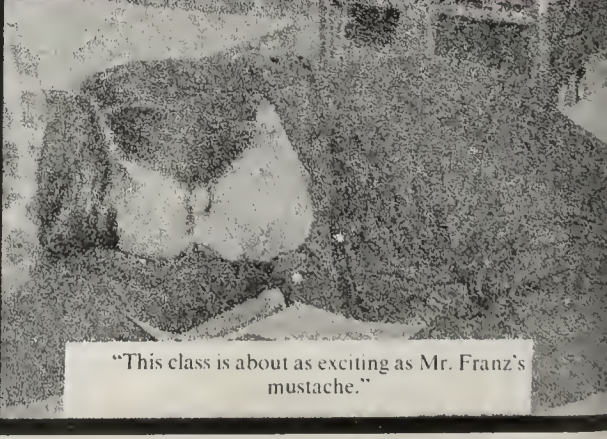

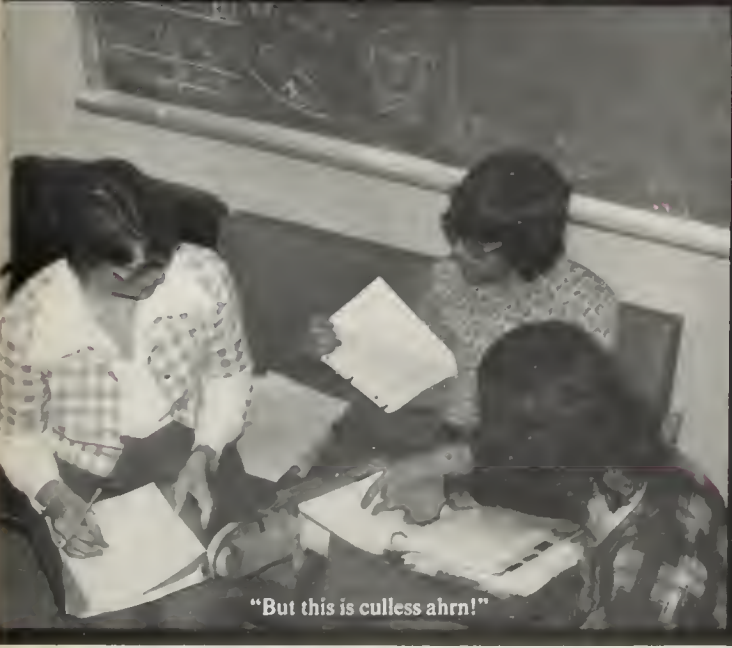

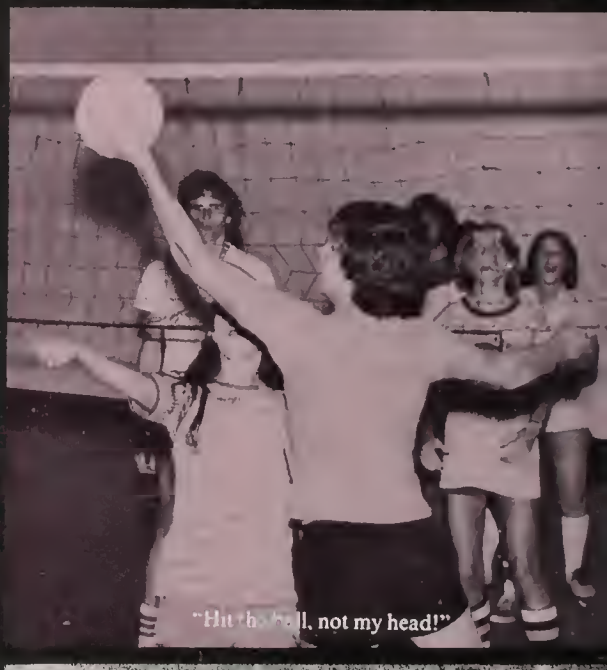

“Never ending, always beginning . . .”
— Dryden

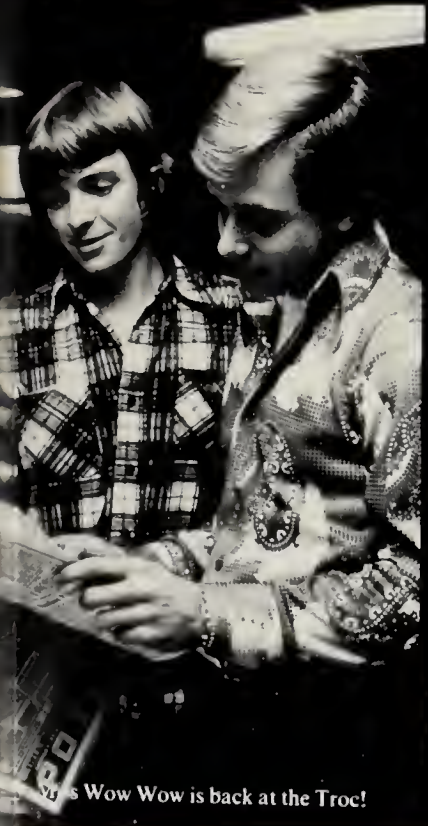

Class Spirit
'76

"I told you not to throw it at the light!"

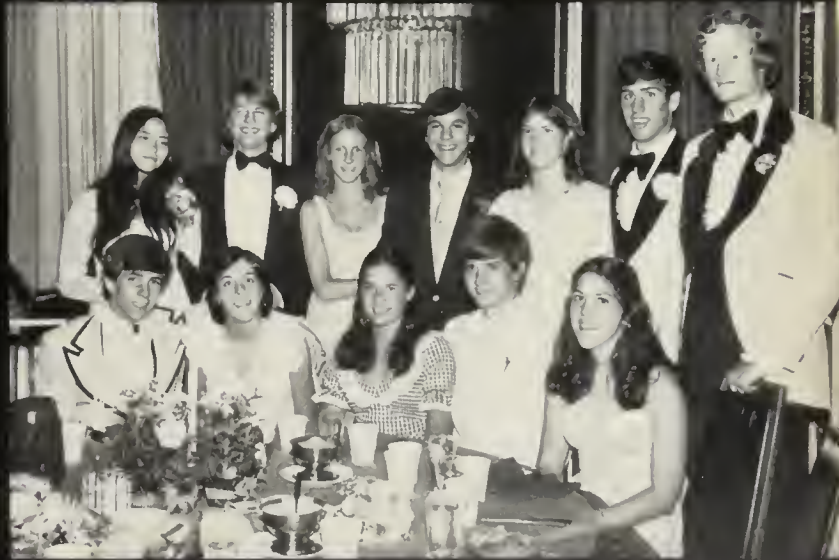

Wow Wow is back at the Troc!

Now I'll just connect this and watch you sizzle.

HISTORY —

"Nevertheless, in spite of the danger, it is a wonderful age to live in, and I would not wish to be born in any other time. The wonderful and precious thing about the present moment is that there is still time — the Bomb hasn't gone off, the population may be caught, the technological problem can, perhaps, be solved. If the human race is to survive; however, it will have to change more in its ways of thinking."

FCA Executive Committee

WARNING!

The rules of normalcy will be temporarily suspended while new rules are being drawn. The new rules may not be the same as the old rules; no hint may be given as to the nature of the new rules.

The best thing to do might be to avoid conflict situations, spend the rest of the day in bed — cool out.

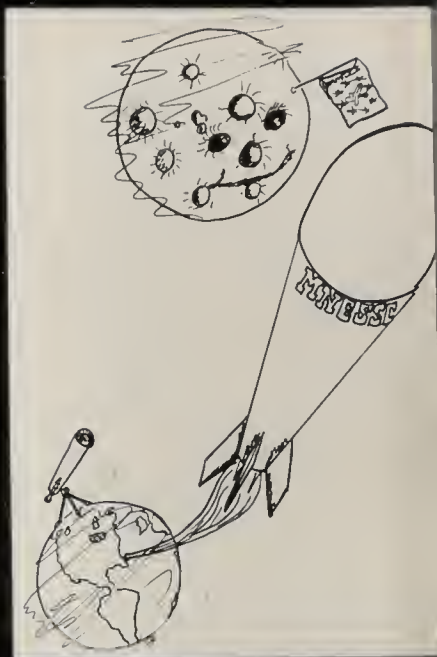

Or, if that sounds boring,

I could take you for a ride . . .

Members: You know who you are!

Who are all these people in the picture? . . .

Who's short? . . .

I want to wash my hands of the whole thing . . .

Matter . . .

There are no guys at this dance! . . .

Ahrn . . .

Tic, Tac, Toe on the hand . . .

Don't throw books at me! . . .

What's a Rotary? . . .

Orchestra

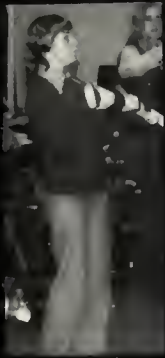

What's a tube top? . . . The masked pie-thrower . . . Who's got an A? . . . I don't have that piece in my folder . . . Be quiet while I tune the basses . . . It sounds like you're sight reading. — But we *are*! . . . Hey girls, give us a break. Be quiet. . . . Come on basses, you're dragging. — Who's dragging, we aren't even playing! . . . Keep the strings quiet . . . Why can't we have some lights? Irene will plug them in! . . . Trombones, practice Beethoven.

Practice with lights . . . Where's the headlights? . . . blackout at 8 o'clock . . . last Wednesday night practice . . . honeybun . . . coconut dance and trumpet solo . . . teaching the trumpets to play "Bugler's Holiday" . . . Hoagies again? . . . I hate Bicentennial music . . . drums are the most important section of the band . . . Rainless Rain-a-Rama . . . Playing the percentages . . . Star Spangled Banner in four . . . Mr. Chips . . . March around the track . . . the flags are the most important section of the band . . . P.M.C. — victory once again . . . Let's get it the first time . . . Six years ago the band sweated to get those uniforms and you people treat them like rags . . . Check your mailboxes every day! . . . the flutes are the most important part of the band . . . plastic bag boots . . . Let's get there early so we can hurry up and wait . . . We'll paint the shoes this week . . . Girls, you've got to take care of those flags! . . . tons and tons of paper . . . People, I think affection is great but none of these cheap embraces. The administration is watching us . . . It's not like it used to be . . .

Reserve your job
for fall now.

With the Army's Delayed Entry Program, you can come down now and pick the job you want. And if you qualify, we'll hold it for you — for up to six months, depending on the job you choose.

Then you can relax and enjoy the summer without worrying about what you'll be doing when it's over.

When you do come in the Army, you'll also have a salary of \$361 a month before deductions waiting for you. Plus free meals, housing, medical and dental care, and 30 days paid vacation a year. And if you'd like to earn college credits while you're in the Army, we'll pay up to 75% of your tuition for you.
